Rudy Moise FOR CONGRESS

New Leadership for All of Us

RUDY'S JOB PLAN:

- Financing and assistance for small businesses so they can grow stronger
- Tax incentives to recruit new businesses into the district
- Job training programs and monthly community job fairs
- Local community jobs council to address issues that affect job creation

A businessman who employs more than 500 of our neighbors. He knows what it takes to meet payroll and create new jobs.

A doctor who's been providing care in our district for more than 25 years. He fights insurance companies every day for his patients, and he'll fight to implement health care reform in Washington.

A mentor who knows we need quality public schools AND after school and summer alternatives so we don't lose an entire generation of young people to gangs and crime.

That's Rudy Moise.
