

Rudy Moise: A New Voice for Us

Dr. Rudolph "Rudy" Moise

Dr. Rudolph "Rudy" Moise knows how to create jobs. He's built successful small businesses and currently employs over 500 people in South Florida. Creating jobs will be Rudy's number one priority in Congress.

ENCOURAGE INVESTMENT

Investment creates job growth and helps encourage economic recovery. Rudy Moise is committed to sponsoring and supporting legislation that will encourage and create new opportunities for investment in the American economy – from building up critical infrastructure to the development of new technologies. Rudy believes that sensible economic solutions, like those outlined in President Obama's Small Business Relief Package, which makes the Research and Development tax credit permanent, and establishes an American Investment Bank will help move America forward.

CREATE GREEN JOBS

Rudy Moise understands the need for new thinking about job creation. In Congress, Rudy will fight to bring new, innovative technology and Green job industries to the district in order to create new jobs that will grow into the future. Renewable and clean energy jobs help protect ecosystems and biodiversity; reduce energy, materials, and water consumption through high efficiency strategies and that de-carbonize the economy; and minimize or altogether avoid generation of all forms of waste and pollution. They are good for our economy and our environment. Rudy will fight for an aggressive legislative agenda focused on creating cleaner technology and more "Green Jobs."

END EMPLOYMENT DISPARITY

Rudy Moise believes that particular attention must be paid to ensuring that our recovery and job growth strategies do not ignore the growing disparities for minorities in the job market. The diverse 17th Congressional District is home to a large and growing immigrant population and substantial African-American and Hispanic community. Providing equal opportunity and ending employment disparity is a focus for Rudy who says he was able to realize his American Dream because of the grand opportunities our country offers. Keeping the job market fair and free of disparity is fundamental to moving America forward.

FIGHT FOR EQUAL PAY FOR WOMEN

Rudy Moise will strongly support legislation that promotes gender equality because he believes it encourages greater economic prosperity. He strongly supports the Lilly Ledbetter Fair Pay Act and continued work by Congress on issues of pay equity. Rudy believes that congress should take swift action in passing the Paycheck Fairness Act and The Fair Pay Act. Once elected, he will work tirelessly as an advocate for gender equality in the workplace.
