

Rudy Moise: A New Voice for Us

Dr. Rudolph "Rudy" Moise

Dr. Rudolph "Rudy" Moise knows from experience that organized Labor is one of the keystones of our Democracy. Rudy is a strong supporter of the Employee Free Choice Act and he will work to strengthen and defend workers' rights to organize and bargain collectively.

Employee Free Choice Act. Rudy Moise is a strong supporter of the Employee Free Choice Act (EFCA) and he will work to strengthen and defend workers' rights to organize and bargain collectively. As a compassionate small business owner, Rudy knows that it is important to value employees and treat them with respect and dignity. No employer should have the right to intimidate or coerce its employees from joining together under a union. Rudy will fight tirelessly to ensure that the EFCA becomes law.

Creating Good Jobs. Rudy Moise is committed to creating family-supporting jobs by investing tax dollars in infrastructure, schools, and transportation. He will work to improve the lives of workers through education, job training, and raising the minimum wage. Rudy will fight to ensure that the citizens of the district receive the full benefits of the American Recovery and Reinvestment Act, which is estimated to eventually bring 7,500 new jobs to CD-17.

Keeping Jobs in America. Corporations continue to export vital American jobs overseas despite the negative impact it has on working families and on the quality of the products and services we produce. Rudy Moise will stand with Labor to demand a decrease in the exportation of American jobs overseas and he will work to ensure that more good-paying jobs are created and kept here in America.

Ensuring Quality Health Care. Rudy Moise has more than 30 years of experience providing medical care to the people of the district. As co-owner of a local health care network dedicated to treating underserved populations, he knows that quality health care is of vital importance to working families. Rudy will fight to protect against taxes that threaten health insurance plans covering many union members in America. Making high quality, affordable health care available to everyone, particularly America's workforce, is one of his top legislative priorities. Rudy is also against the privatization of Medicare services for our senior citizens.
